

# Refrigeration Technician

Saskatoon, Saskatchewan

## The Opportunity

Join our team as a **RED SEAL OR LEVEL 3 APPRENTICE REFRIGERATION TECHNICIAN** supporting retail, production, and facility operations. You will maintain equipment, troubleshoot systems, and contribute to a safe and efficient work environment.

**REQUIREMENTS:** Red Seal certification or Level 3 Apprentice status (working toward Red Seal), a valid Saskatchewan driver's license with a clean abstract, strong knowledge of schematics and control systems, mechanically inclined and proven troubleshooting skills. Industrial or food processing experience is an asset.

- ❖ Full-time • Permanent Position • 40 hours/week
- ❖ Predictable Monday–Friday day shifts with minimal overtime — **no shift work, no travel outside of Saskatoon, home every night and very minimal to no on call requirements.**
- ❖ Designed for real work-life balance and a sustainable lifestyle. Based in Saskatoon, supporting local operations, and working with a supportive team at a well-established Saskatchewan company.

## Key Responsibilities

- Troubleshoot, diagnose, and repair refrigeration systems and controls
- Read and interpret schematics, blueprints, and technical manuals
- Maintain and upgrade equipment to meet safety and production standards
- Assist with mechanical maintenance and equipment installations
- Collaborate with production and maintenance teams to minimize downtime
- Follow all company policies and safety protocols
